MANUFACTURED IN THE UK

Stormor[®] Shelving

Stormor is the leading shelving system for medium duty applications. With a choice of 3 upright types and a wide range of accessories, Stormor shelving is the ideal choice in every workplace environment.

STORMOR MONO
Open upright

STORMOR SOLO
Single skin upright

STORMOR DUO
Double skin upright

Stormor[®] Shelving

All the benefits of different types of steel shelving have been combined in this truly versatile and interchangeable system. With the economy of open Mono frames, the simplicity of one-piece Solo frames, or the clean lines of Duo frames, Stormor Shelving offers it all.

Shelves and storage accessories are a common fitting to all frame styles - so you can adapt your shelving as future needs change without worrying about compatibility. Accessories feature clip-in fitting so that any changes are quickly and easily made.

A major advantage of Stormor Shelving are the slim profile shelves and frames which give runs of shelving a neat, co-ordinated appearance. This design feature, coupled with colour options on frames and optional decorative end cladding makes Stormor ideal for use in offices and commercial environments, where the slim profiles minimise wasted linear space and optimise use of the storage area.

BIOCOTE PROTECTION

Stormor shelving specified with Stormor Grey finish is BioCote protected. BioCote is a proven, patent-protected paint additive which inhibits the growth of potentially lethal bacteria and fungi. This reduces the risk of cross-contamination from surfaces with high contact frequency.

The anti-microbial agent provided by BioCote remains constant on the surface, interrupting the cells' ability to function, grow and reproduce. It has been shown to inhibit the growth of organisms such as E.coli and MRSA, thus forming an effective part of good hygiene practice.

BioCote does not deteriorate and therefore remains effective for the standard life of the painted surface.

document storage

Whether for front of office storage of 'live documents' or long-term archiving, Stormor Shelving is the ideal solution.

Having the right storage system is key to operating an effective document and data management system. This is especially true now that the Data Protection and Freedom of Information Acts are placing further pressures on organisations to comply quickly and efficiently.

Stormor Shelving, with its wide range of sizes and accessories is the right solution to meet the needs of today's modern office environment.

Ideal for storing.....

- **On-shelf 'live' or 'soft' files**
- **Hanging files**
- **Box files**
- **Lloyd George boxes**
- **Court Warrant boxes**
- **Digital data**
- **Medical records**
- **Lever Arch files**
- **Archive boxes**
- **Reference or Library books**
- **And much more...**

◀ Stormor Shelving is ideal for high density mobile shelving, making it the solution for commercial environments where space and costs are at a premium.

Pull-out reference shelves offer working space without obstructing walkways.

Pull-out drawers offer easy to access storage for CD's and DVD's.

Lloyd George medical files are easily accommodated, offering easy access.

The design of the standard open shelf allows lateral files to be hung underneath, saving the cost of separate filing cradles.

industrial storage

Stormor is at home in storerooms, rear of store stockrooms, maintenance stores and throughout industry. With its choice of upright types and shelf duties, Stormor provides a functional system for all store areas.

Stormor Shelving offers the right solution for all medium duty industrial storage applications and comes with a range of purpose-designed accessories - such as bin fronts, pull-out drawers, plastic drawers and garment hanging. Heavy-duty systems, such as Stormor Euro and Longspan are also available, please ask for more information.

Ideal for storing.....

- **Small parts**
- **Retail stock**
- **Garments**
- **Electronic components**
- **Storage boxes**

For large high-rise or multi-tier filling and archive installations Stormor's slim profile shelves can be used with our proven Euro-Shelving system to maximise available space.

Stormor shelving using Mono inner frames with Duo outer frames offers economy with clean lines.

The easily adjustable shelves offer great flexibility to change shelf configuration to match Retail stock requirements

Stormor shelving helps create a more tidier and efficient stock storage solution

The easy interchangeability of accessories enables the user to tailor storage needs to meet his requirements
