METRIC STORAGE LOCKERS

These coloured lockers are manufactured to the highest specification. Lockers are welded and riveted in construction. Semi concealed hinges are welded to the door and riveted to the frame, allowing easy replacement of doors. Doors positioned within a rebated frame to enhance compartment security. The carcass incorporates nesting holes on all sides and a return flange at the base for extra strength and to reduce floor damage. Lockers are manufactured using cold rolled steel. Material thickness specification 0.9mm doors and frame, 0.7mm carcass and shelves. Components are polyester powder coated prior to assembly to ensure all surfaces are protected. Lockers non returnable unless deemed faulty or damaged.
