# Mezzanine Floors

Avanta UK are industry leaders in the field of designing and installing mezzanine floors and can offer a fully tailored service designed to maximise the productivity and output of your business. Mezzanine floors offer a solution to businesses that have to deal with dwindling space by providing one or more additional floors within the existing space of the building.

We offer a complete package to our clients that includes free design work, CAD designs, and installation by our team of trained professionals. We also handle all the Building Regulations and Planning work and all of our mezzanine floors conform to stringent safety regulations. We can offer a free initial site survey with no obligation so that we can show you exactly what is possible in your existing premises.

**Our experts have extensive knowledge in all forms of structural floors.** From taking the project on board, we carry out a full site survey, provide you with working CAD drawings, we can also handle all Building Regulations - a legal requirement for any mezzanine floor, and Planning Applications to Local Authorities.

**Mezzanine floors** are future proof by being adaptable and extendable which means your premises can adapt as your business grows - without the need for costly relocation.

not just your floor space

## Mezzanine Floors

Avanta can create offices and workrooms on the completed mezzanine structure by utilising the Avanta range of partitioning systems.

We can provide a full interior fit-out service that includes mechanical & electrical services, floor coverings, suspended ceilings, office furniture, storage equipment, internal office partitions and full decorations.

We have many years experience in providing large and small businesses with innovative mezzanine floor solutions to their storage and space requirements and, with a network of installation teams throughout the UK, we are able to respond quickly to your needs.

The combination of lightweight construction, superior finish and a wide range of colour options makes an Avanta mezzanine ideal for the retail environment

Whether you need a seamless addition to your sales floor area, more back-of-store storage or extended office space, a mezzanine floor is the most cost effective flexible option.

## Mezzanine Ancillaries

Our unique edge-protection system provides a functional and very neat solution that integrates both the handrail and toe plate into the handrail post.

Avanta UK designs appropriate **staircases** into each project and provides advice regarding relevant Building Regulations.
